ELECTRICALS

WORLD CLASS ELECTRICAL AND WIRING DEVICES

From cutting-edge design to unmatched durability, our electrical wiring devices set the gold standard.

Engineered for safety, built for efficiency because reliability is not an option, it's a guarantee.

Seamlessly integrating innovation with performance, we power homes, industries, and the future.

Choose Buildgear Nigeria Limited where world-class quality meets electrifying innovation!

Distribution Panel

Brand: ZCEBOX

Material: Steel body/plastic door

Module: 28/36/60

LED Panel

Brand: Philip

Material: Aluminum

Dimensions: 60*60 -

Recessed and surface.

LED Panel

Material: PVC

Dimension:

6W/12W/18W/24W -

Recessed Light

Wall Security Light

Material: Steel and Glass

Dimensions: 12W

Bollard Garden Light

Material: Aluminum and Glass

Dimensions: 61cm by 9cm
15W

LED Panel

Material: PVC

Dimensions: 12W/18W/24W

Surface Light

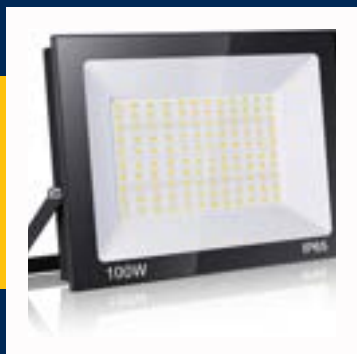

400 watt Led Projector

High-intensity 400W LED projector with iron casing for durability and heat resistance. Delivers powerful illumination for outdoor and industrial use.

200 watt Led Projector

High-intensity 200W LED projector with iron casing for durability and heat resistance. Delivers powerful illumination for outdoor and industrial use.

100 watt Led Projector

High-intensity 100W LED projector with iron casing for durability and heat resistance. Delivers powerful illumination for outdoor and industrial use.

50 Meter LED Strip Light

Durable and energy-efficient LED rope light designed for decorative and functional lighting. With 14 W per meter brightness, IP44 water resistance, and a flexible 50 m roll, it's perfect for indoor and outdoor applications, including signage, accent lighting, events, and festive décor. Works directly on 220 V for easy installation.

Terminal Lug in Various Sizes and Colors

Dimensions: From 1.5mm to 25mm

Cable Marker

Durable cable markers for clear, lasting identification.

Resistant to moisture, chemicals, and abrasion.

Ideal for organizing electrical and communication cables.

Brand: EC2

Dimensions: From 0-9

Cable Reel Drum

Brand: Ingelec HO7V-U

Material: PVC

Dimensions: 25m - 2 by 1.5mm

Heavy-duty cable reel drum for efficient cable storage and management.

Designed to handle long electrical cables with easy winding and unwinding.

4 Ways Socket

Brand: Power King

Material: PVC

Dimension: 3m 3000W

MCB Breakers

Brand: Chint

Poles: 3 Pole (Triple Pole)

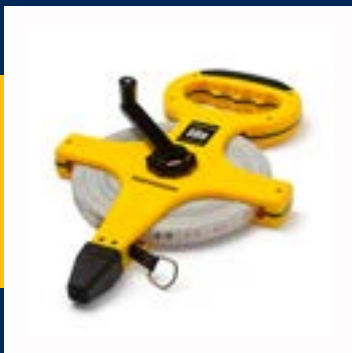

Current Rating: 63 Amperes

Voltage Rating: 400/415V AC

Tripping Curve: Type C

Standards Compliance: IEC/EN 60898-1

Application: Designed for protection against overloads and short circuits in residential & commercial areas

Cable Ties

Durable nylon cable ties designed for securely bundling and organizing cables, wires, and other items.

Strong, flexible, and easy to use for home, office, and industrial applications.

Pin Busbar – 3P 63A- 1m

The 90 AM range, in addition to auxiliaries common for the all circuit breakers, comprises many modular accessories for the protection, command, programming, measurement and signalling in electrical systems.

50m Measuring Tape

Durable 50m measuring tape designed for accurate long-distance measurements on construction and surveying projects.

Built with clear markings and a sturdy design for reliable performance and easy handling.

16 AMPS Plug

16A 250V AC plug with insulated pins for safety.

Handles moderate power loads in homes and offices.

Ergonomic grip for easy use and secure connection.

Meets BS 1363 standards for quality and safety.

13 AMPS Plug

13A 250V AC plug with safety insulated pins.

Suitable for everyday household and office appliances.

Compact design ensures easy handling and secure fit.

Complies with BS 1363 for safety and durability.

13 AMPS Double Waterproof Socket

13A 250V AC double waterproof socket with sealed covers.

Ideal for outdoor and wet environment installations.

Durable, weather-resistant casing ensures safe power access.

Meets IP44 rating and BS 1363 safety standards.

Wiring Devices

Our high-quality, durable sockets and switches are designed to meet all your wiring needs. We offer a wide range of options including 1 to 3-gang switches, cooker units, 20A AC units, 13A single and double sockets, TV sockets, data sockets, and more...

Reliable Tools for Every Build. Strong, Sturdy, Superior!

Strength You Can Trust, Quality You Can Build On!

Our construction tools are designed for durability, precision, and peak performance.

Engineered to handle the toughest jobs, they deliver reliability at every stage.

From professionals to DIY experts, we equip you with the best for every build.

With Buildgear Nigeria Limited, every tool is a promise of excellence!

Anchor Bolt

Used for fixation and installations

Material: Iron

Dimensions: 8mm, 10mm and 12mm available in stock.

Spiral Wood Drilling Bitt

Specially for wood drilling machine

Material: Iron

Available in 18mm and 24mm only

SDS Plus Drilling Bitt

Material: Iron

Dimensions: from 6mm to 25mm

Plus and Max available now!

16mm Tie Rod

Durable 16mm tie rod designed for heavy-duty construction applications. Ensures secure formwork alignment and structural stability.

16mm Tie Rod Water Barrier

Robust 16mm water barrier crafted from iron to prevent seepage in formwork. Ideal for waterproof concrete structures and foundations.

16mm Flange Tie Rod

Strong 16mm flange tie rod made of iron for firm formwork support. Ideal for high-pressure concrete casting and alignment.

12" Metal Hacksaw

Durable 12-inch metal hacksaw with a sturdy iron frame for precise cutting. Perfect for slicing through metal pipes and bars with ease.

4 Corner Allen Key Set

Versatile 4-corner and Star Allen key set made from hardened iron for reliable torque. Ideal for tightening and loosening hex screws in various applications.

10mm Threaded Rod

10mm threaded rod offers strong, secure fastening for construction and industrial use. Precision-cut threads ensure reliable grip and easy installation in various projects.

Bolt Cutters

Bolt cutters designed for cutting chains, bolts, rods, and tough metal materials with ease. Available in 24" and 36" sizes, offering strong cutting power and durable performance for industrial and construction use.

Tile Spacer

Tile spacer designed to ensure even tile alignment and consistent spacing during installation. Ideal for achieving professional, and precise tiling finishes on walls and floors.

Pipe Wrench

Pipe wrench designed for a firm grip and efficient tightening or loosening of pipes and fittings. It is ideal for plumbing, maintenance, and industrial applications.

Chalk Line Reel

Sturdy chalk line reel with iron handle for quick, precise marking. Ideal for laying straight lines on construction and carpentry projects.

Electric Hand Gloves

Insulated electric hand gloves made from rubber with iron mesh lining for added safety. Designed to protect against electrical shocks during live work.

Tapes

We have high quality and durable tapes ranging from Sellotapes, Masking tapes, thread tapes and insulation tapes

Hacksaw Blade

High-strength hacksaw blade made from hardened iron for precise, clean cuts. Compatible with standard hacksaw frames for metal and plastic cutting.

Leveling Tiles Space

Tile leveling spacer ensures uniform gaps and perfect tile alignment.

Durable design prevents lippage for a smooth, professional finish.

Multi Purpose 4*5 Aluminium Ladder

Lightweight yet sturdy aluminium ladder with a 4x5 configuration for versatile use. Ideal for indoor and outdoor tasks requiring safe, reliable access at various heights.

Air-Vent Cover

Durable, high-quality air vent cover designed for effective airflow management in residential, commercial, or industrial spaces. Easy to install and maintain, providing a clean, professional finish to HVAC openings.

Plastic Float Trowel

Lightweight plastic float trowel with iron-reinforced handle for durability. Ideal for finishing concrete surfaces with a smooth, even texture.

PPR Cutter

Durable PPR cutter with sharp iron blade for clean, precise pipe cuts. Ideal for cutting PPR, PVC, and other plastic piping in plumbing work.

Pliers

Brand: Larana, Inc.

Material: Wood

Dimensions: 91 cm x 102 cm

Wood Saw

Brand: Tesen

Material: Plastic handle steel
body

Dimensions: 18'inches

Tester

Brand: Larana, Inc.

Material: Plastic/iron

Dimensions: 20cm

Red and White Caution tape

Durable red and white caution tape made from polyethylene for high visibility. Ideal for marking hazardous or restricted areas on sites.

Paint Brush

Premium paint brush with soft, durable bristles for smooth, even coverage.

Ergonomic handle ensures comfort and precise control for all surfaces.

5" Turbo Grinding Cup Disc

Rugged 5-inch turbo grinding cup disc made of iron with segmented edges. Ideal for aggressive grinding on concrete, stone, and masonry surfaces.

Cutting Disk

Brand: Vortex

Material: Carbon Fiber

Dimensions: 9 inches

Leather Hand Gloves

Durable leather hand gloves offering excellent grip and protection.

Ideal for industrial, construction, and general labor tasks.

Reinforced stitching enhances durability and comfort during use.

Cutting Disk

Brand: Exel

Material: Steel

Dimensions: 4.5 inches

16 Line Laser Level

16-line laser level designed for precise alignment and accurate leveling in construction and installation work.

Provides bright, clear laser lines for improved efficiency and professional results on every project.

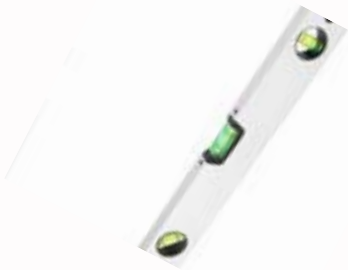

Green ShadeNet

Strong green shade net made from UV-resistant polyethylene for long-lasting protection. Ideal for shading, fencing, and covering construction or agricultural areas.

Shinning Trowel

Smooth-finish shinning trowel with iron blade for precise surface polishing. Ideal for final concrete finishing and plaster smoothing tasks.

Spirit Level

Compact spirit level with high-visibility vial for precise leveling.

Durable frame resists impact and wear during use.

Suitable for carpentry, construction, and DIY projects.

Material: Aluminum

Dimensions: 60cm and 80cm

Pointed and Flat Chisel

Material: Metal

Dimensions: 30cm

Pointed and flat chisels crafted from hardened steel for precision cutting.

Ideal for masonry, metalworking, and woodworking tasks.

Ergonomic handles provide comfort and control during use.

Mason Hammer

Heavy-duty mason hammer with a flat head for striking and a pointed pick for chipping.

Designed for breaking and shaping stone, brick, and concrete.

Durable steel construction with a shock-absorbing handle for comfort.

Weight: 1.5kg

Wheel-Barrow

Sturdy wheelbarrow with a single front wheel for easy maneuverability.

High-capacity tray made from rust-resistant steel or durable plastic.

Ergonomic handles designed for comfortable lifting and transporting materials.

Dimensions: 130kg

Iron Shovel

Material: Metal

Size: 7 inches

Heavy-duty iron shovel with a sharp, pointed blade for digging and scooping.

Strong steel construction ensures durability in tough soil conditions.

Ergonomic handle provides comfortable grip and control.

Silicon Gun

Material: Metal

Silicone gun designed for precise application of sealants and adhesives.

Durable frame with comfortable grip for extended use.

Compatible with standard cartridge sizes for versatile sealing jobs.

Hard Sweeping Brush

Material: Wood

Dimensions: 12 Inches

Heavy-duty sweeping brush with stiff bristles for tough dirt removal. Ergonomic handle ensures comfortable, efficient cleaning.

Soft Sweeping Brush

Material: Plastic

Dimensions: 13 inches

Soft sweeping brush with gentle bristles for delicate surfaces. Lightweight design provides easy handling and effective dust removal.

Scraper

Material: Stainless Steel

Dimensions: 2,3,4 inches

Durable scraper with sharp blade for removing paint and adhesives. Ergonomic handle offers a secure grip during use.

Rain Coat

Waterproof raincoat available in sizes L and XL for reliable rain protection.

Lightweight, durable, and comfortable for everyday outdoor use.

Mason Trowel

Material: Wood Steel

Dimensions: 6 and 9 inches

Durable mason trowel with a flat steel blade for smooth cement application.

Ergonomic handle provides comfort and precise control.

Iron Bender pinches

Material: Metal

Heavy-duty iron bender pincers for shaping and cutting metal rods.

Sturdy construction with ergonomic handles for secure grip and control.

Dimension: 10 inches

Black Stone Pebbles

Large black stone pebbles, ideal for enhancing landscape, garden, and home décor. Supplied in 20kg bags, durable and perfect for creating a clean, decorative finish.

Bar Bending Machine

Bar bending machine designed for precise and efficient bending of steel reinforcement bars. Built for heavy-duty construction use, ensuring durability, accuracy, and consistent performance.

7 Steps Ladder

7-step ladder designed for safe and stable access to elevated areas during construction and household tasks. Strong, durable, and foldable for easy storage and convenient use.

WELLOO[®]

MAKE THE JOB WELL AND COOL

GOOD NEWS!

BuildGear Nigeria Limited is bringing **WELLOO** to you!!!

Welloo is a renowned brand offering high-quality hand tools for professionals and businesses, with over a decade of industry experience.

Each tool is crafted for precision and durability, making Welloo a trusted name for dependable performance in various applications.

WELLOO®

MAKE THE JOB WELL AND COOL

WELLOO Random Orbit Sander 300W.
A powerful, swirl-free sanding for smooth, professional finishes. Efficient dust collection and ergonomic design for comfortable use.

WELLOO 120W Router.
perfect for light-duty trimming, shaping, and detailing on wood surfaces. Compact and easy to handle, it ensures precision and smooth finishes for DIY and craft projects.

WELLOO 1400W Polisher delivers powerful performance for polishing, buffing, and finishing surfaces with ease. Ideal for automotive, metal, and wood applications with variable speed control for precision.

WELLOO Gasoline Water Pump 3" offers high-capacity water transfer with a durable 4-stroke engine for reliable performance. Ideal for irrigation, construction, and emergency drainage tasks.

WELLOO Gasoline Vibrator 5.5HP delivers powerful concrete compaction for solid, air-free finishes on construction sites. Features a robust engine for reliable performance in heavy-duty applications.

WELLOO Gasoline Plate Compactor 90KG ensures efficient soil and asphalt compaction with powerful 5.5HP engine support. Ideal for roadwork, landscaping, and foundation projects with durable, high-impact performance.

WELLOO Electric Planer 82mm-710W delivers smooth, precise cuts for trimming and leveling wood surfaces. Features a powerful motor and ergonomic design for efficient, user-friendly operation.

WELLOO 1500W Demolition Breaker delivers heavy-duty impact force for breaking concrete, masonry, and tough surfaces. Built for durability and control in demanding construction and renovation tasks.

WELLOO

WELLOO Circular Saw 2100W 235mm offers powerful, precise cutting through wood and other materials with ease. Features a robust motor and adjustable cutting depth for professional-grade performance.

WELLOO®

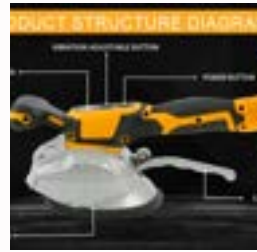

MAKE THE JOB WELL AND COOL

WELLOO 710W Jig Saw 65mm offers precise curved and straight cuts on wood, metal, and plastic. Features variable speed control and ergonomic design for smooth, controlled operation.

WELLOO 20V Cordless Angle Grinder delivers powerful cutting and grinding performance with cordless convenience. Compact and lightweight design ensures easy handling and maximum mobility on any job site.

WELLOO 20V Tile Vibration Machine ensures firm, bubble-free tile placement with cordless convenience. Designed for precise tile leveling and improved adhesive bonding on floors and walls.

WELLOO 7" Polish Pad offers smooth, swirl-free polishing for automotive and surface finishing tasks. Made with high-quality materials for durability and consistent results.

WELLOO Tiles Cutter 1200MM delivers precise, clean cuts for ceramic and porcelain tiles. Features a sturdy base, sharp cutting wheel, and extended length for handling large-format tiles with ease.

WELLOO 9" Cutting Disc delivers fast, clean cuts on metal and steel with high durability and heat resistance. Ideal for heavy-duty cutting tasks in construction and fabrication work.

WELLOO Vibrator Hose Coupling 38MM x 6M ensures efficient concrete vibration with flexible, durable construction. Designed for heavy-duty use, it delivers optimal power transmission and consistent

Flat Chisel 40cm SDS Max Heavy-duty flat chisel designed for use with SDS Max rotary hammers and demolition tools.

3 and 5 Pin Conductor Terminal Blocks provide secure and reliable wire connections for electrical installations. Designed for easy mounting and durability in residential, commercial, and industrial applications.

Impact Drill 13mm - 710W

Welloo 13mm Impact Drill (710W) delivers powerful performance for tough drilling tasks. Built for durability and precision across wood, metal, and masonry.

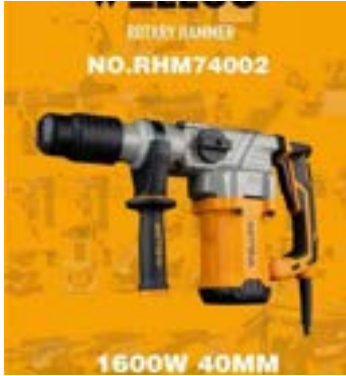

Welloo 12V Lithium-Ion Cordless Drill

Welloo 12V Lithium-Ion Cordless Drill delivers reliable power and mobility for professional and DIY use. Engineered for precision, durability, and extended battery performance.

Rotary Hammer - 800W

Welloo 800W Rotary Hammer delivers high-impact power for heavy-duty drilling and chiseling. Ideal for concrete, masonry, and demanding construction tasks.

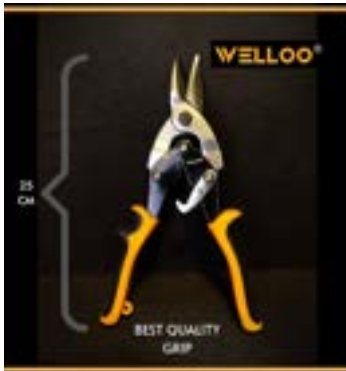

Rotary Hammer - 1600W

Welloo 1600W Rotary Hammer is built for extreme performance in heavy-duty demolition and drilling. Delivers unmatched power and efficiency on concrete and tough materials.

PPR Welding Machine 63mm

Welloo PPR Welding Machine 63mm ensures strong, reliable pipe fusion for professional plumbing jobs. Delivers consistent heat and precision for durable jointing.

Aviation Snip Left Head

Welloo Aviation Snip Left Head provides precise, clean cuts with ergonomic comfort. Ideal for shaping metal sheets and detailed cutting tasks.

Cordless Tile Vibration 20V

Welloo 20V Cordless Tile Vibration Tool ensures bubble-free tile placement with ease and precision. Lightweight, wireless design enhances efficiency on every tiling job.

Angle Grinder 230mm - 2400W

Welloo 230mm Angle Grinder (2400W) delivers powerful cutting and grinding for heavy-duty applications.

Welloo 115mm Angle Grinder (850W) offers precision and control for versatile light to medium tasks.

SDS MAX Pointed Chisel.

Pointed Chisel 40cm SDS Max, Durable pointed chisel designed for precise breaking and demolition with SDS Max rotary hammers. Made from hardened steel for strength and wear resistance. Ideal for breaking concrete, stone, and masonry in construction and renovation projects.

Welloo 230mm Cutting Disc

Welloo 230mm Cutting Disc offers fast, clean cuts with high durability for metal and masonry. Engineered for safety and long-lasting performance.

115mm Turbo Diamond Disc

Welloo 115mm Turbo Diamond Disc delivers fast, precise cutting with enhanced durability. Perfect for cutting hard materials like stone and concrete.

TCT Saw Blade 235mm - 60T

High quality 235mm TCT Saw Blade (60T) ensures smooth, accurate cuts with long-lasting sharpness. Ideal for wood and composite materials.

HEX Pointed Chisel 30*410mm

Durable HEX Pointed Chisel (30x410mm) offers precise chiseling for concrete and masonry demolition. Designed for durability and efficient material removal.

Diamond Cup

Diamond cup wheel available in 5" and 7" sizes for efficient grinding of concrete, stone, and masonry surfaces. Durable and high-performance, delivering smooth finishing and long-lasting use on construction jobs.

Cartonplast 3mm

Cartonplast 2 meter by 1 meter, 3mm is a lightweight, durable corrugated plastic sheet ideal for packaging and signage. Resistant to moisture and impact for versatile use.
